The funding information of Roland Vogt was accidentally omitted from the acknowledgements during the submission of the paper. The acknowledgements should have stated: “Contributions of Roland Vogt were supported by the Swiss National Science Foundation (SNSF, grant no. 163291, NaFoLiCA-F).”

The updated financial support and acknowledgements are provided here.

Acknowledgements. We acknowledge support by the KIT-Publication Fund of the Karlsruhe Institute of Technology. We thank the three anonymous reviewers for their valuable and constructive comments.

Financial support. Funding for this study was provided by Deutsche Forschungsgemeinschaft (DFG) in the project Namib Fog Life Cycle Analysis (NaFoLiCA), CE 163/7-1. Hendrik Andersen acknowledges receiving a Research Travel Grant by the Karlsruhe House of Young Scientists that supported a stay at ETH Zürich and thus facilitated the collaboration with Sebastian Sippel. The contribution of Julian Quinting was funded by the Helmholtz Association (grant no. VH-NG-1243). Marco Gaetani was supported by the French National Research Agency under grant no. ANR-15-CE01-0014-01 (AEROCLO-sA). Contributions of Roland Vogt were supported by the Swiss National Science Foundation (SNSF, grant no. 163291, NaFoLiCA-F).
