$T_g$ as a function of $C_0$

- Predicted by Eq. 1 with various $C_0$ and O:C of 1
- Predicted by Eq. 1 with various $C_0$ and O:C of 0
- Predicted by Eq. 1 with various $C_0$ and O:C of 0.5

Parameterization validation for compounds in (a)

- Prediction bands
- Confidence bands
- 1:1 line

Parameterization validation for SOA components

- Prediction bands
- Confidence bands
- 1:1 line
