

(I) LUT vs. measurements
without measurement uncertainty

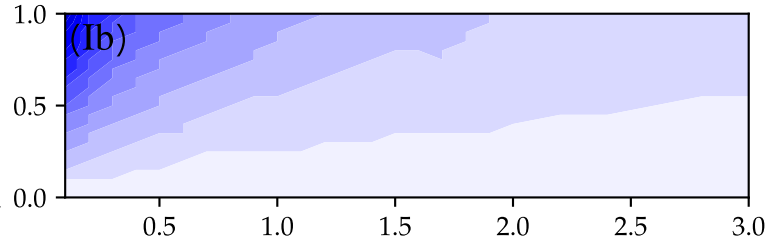

(II) LUT vs. uncalibrated measurements:
radiometric response as free parameter

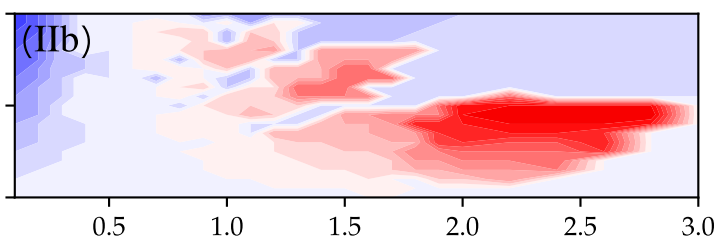

(III) LUT vs. calibrated measurements
assuming 15% measurement uncertainty

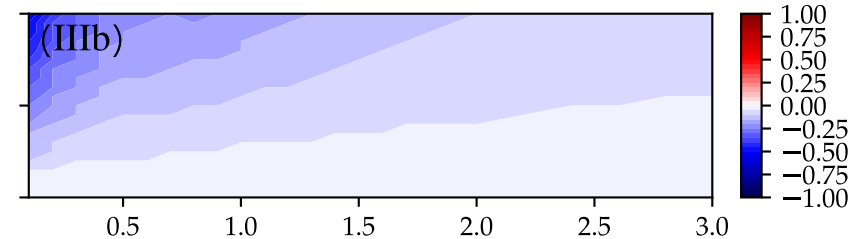

LUT: AOT 0.1 - True: AOT 0.2

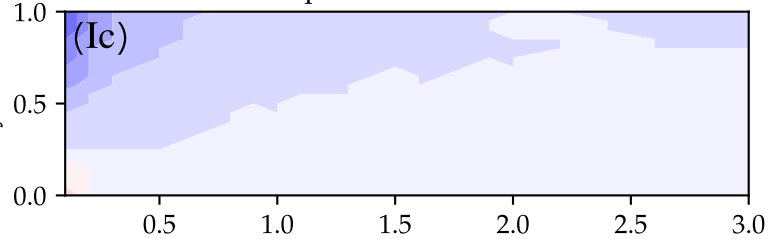

LUT: AOT 0.1 - True: AOT 0.2

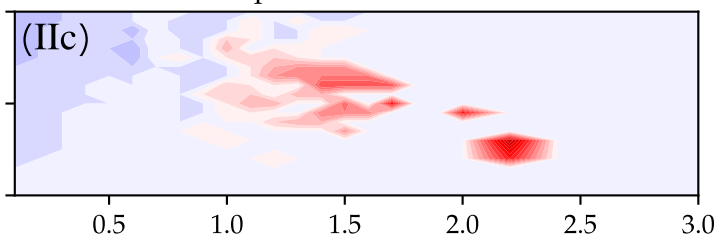

LUT: AOT 0.1 - True: AOT 0.2

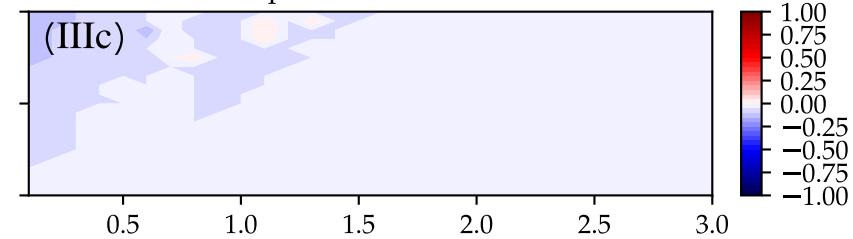

LUT: continental polluted - True: continental clean

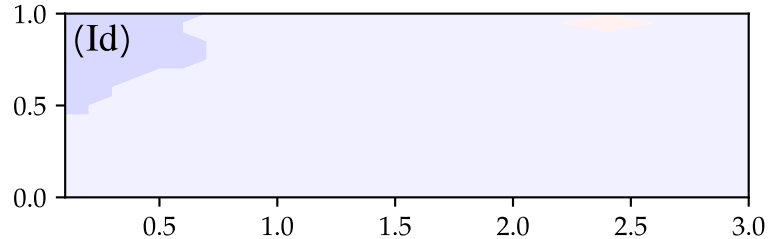

LUT: continental polluted - True: continental clean

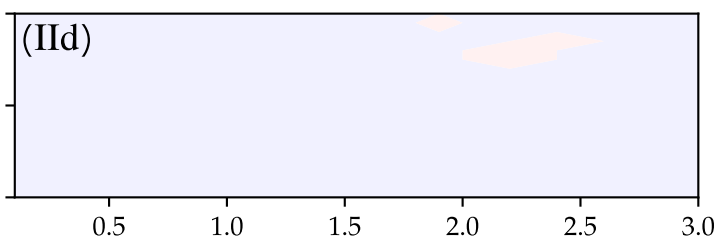

LUT: continental polluted - True: continental clean
