Supersite (SR1) (a)

Opposite supersite (SR2) (b)

Supersite (SR1) (c)

Opposite supersite (SR2) (d)

Supersite (SR1) (e)

Opposite supersite (SR2) (f)

Supersite (SR1) (g)

Opposite supersite (SR2) (h)

Diagram with multiple graphs showing the concentration of different pollutants at varying heights (z in meters) for both supersites. The graphs illustrate the distributions of Ntot, UFP, PM2.5, and LDSA at different heights, with distinct colors and markers for different categories.
