

***Interactive comment on “Chemical
characterization of aerosols at the summit of
Mountain Tai in the middle of central east China”
by C. Deng et al.***

S. C. Liu (Editor)

shawliu@rcec.sinica.edu.tw

Received and published: 28 November 2010

The revised manuscript is significantly improved. But I feel that the description of QA/QC procedures of this study is still inadequate. For example, calibration and detection limits of key elements need to be clearly stated.
