Interactive comment on “Variability of aerosol vertical distribution in the Sahel” by O. Cavalieri et al.

Anonymous Referee #2

Received and published: 22 September 2010

The paper presented is very sound but will need several corrections before it should be published. Referee # 1 Comments cover most of the paragraphs and text to be corrected. The figures should be revised for their resolution and improved and perhaps they should be merged in order to decrease their number.
