## Interactive comment on "Solar radiation trend across China in recent decades: a revisit with quality-controlled data" by W.-J. Tang et al.

## **Anonymous Referee #2**

Received and published: 28 September 2010

Many thanks for your responses. I do appreciate your additional contributions.

- (4) I must say did not appreciate the magnitude of the run-time of the hybrid model. Under the circumstances I feel that the approximations you have made should be sufficient.
- (5) I am looking forward to hearing from you, I'll be very pleased to be able to contribute or collaborate.
