Received and published: 22 October 2010

Figure 8 mistakenly just duplicates the plot of Figure 7. The correct plot of Figure 8 is shown below. It is a pleasure to thank Charles Brock of NOAA's Earth System Research Laboratory for pointing out this mistake.

**Fig. 1.** Correct plot of Figure 8. The original figure caption is correct with the exception that the lower diameter limit for our Mie theory calculations should read "0.01  $\mu\text{m}$ ".
