

## ***Interactive comment on “Earth’s energy imbalance and implications” by J. Hansen et al.***

**J. Hansen et al.**

[jhansen@giss.nasa.gov](mailto:jhansen@giss.nasa.gov)

Received and published: 29 November 2011

The Earth’s energy imbalance that we discuss in our paper is based on observations, primarily on ocean temperature measurements, not on a model. The paper clearly describes our scientific methodology and references papers in the peer-reviewed scientific literature.
