## Interactive comment on "A two-dimensional volatility basis set – Part 2: Diagnostics of organic-aerosol evolution" by N. M. Donahue et al.

N. M. Donahue et al.

nmd@andrew.cmu.edu

Received and published: 15 December 2011

The reviewer makes two suggestions for improved clarity in our figures. We shall address both in the revised manuscript. Figure 1 will have  $CH_2O$  in the upper right hand corner of the 2D space, while "isopleths" will be replaced with "lines" or "contours" of constant carbon number in the later figures.
