Received and published: 24 January 2012

Dear Dr. Witrant et al.,

Thank you for submitting your Final Response to the referees' comments. I think that you have proposed to address the referees' many criticisms and suggestions in a satisfactory way. I therefore invite you to submit a revised version of the manuscript that follows the referees' suggestions and includes all of the changes you proposed.

Since the proposed changes are major, the manuscript will be sent out for a second round of reviews.
