

Interactive comment on “Future emissions from oil, gas, and shipping activities in the Arctic” by G. P. Peters et al.

Anonymous Referee #1

Received and published: 14 April 2011

The response to initial comment by the authors is much appreciated, including some corrections meriting an updated review. Significant revision is still needed, and the attached review comments are intended to focus on these changes to improve the ACPD paper.

Please also note the supplement to this comment:
