Suggestion 1) 2. Experimental section: I suggest to provide the addresses of the suppliers for the chemicals used.

Response: We have provided the vendor information in the text for all the chemicals used.

Suggestion 2) Page 14250 – line 8: the abbreviations BSTFA and TMCS should be explained.

Response: We have included the chemical name in addition to the abbreviations.

Suggestion 3) Page 14251 – line 22 (and places elsewhere): replace “ether” by “diethyl ether”.

Response: We have replaced all the words “ether” in text with “diethyl ether”.

Suggestion 4) Page 14253 – line 22: : : : : , 191, : : : .. (delete a “,”)

Response: Deleted.

Suggestion 5) Figures: it would be useful to explain the abbreviations for the chemicals used again in the legends to the figures.

Response: In the figure legends, we have added the chemical name for the abbreviations used in the figure.

Reviewer 2.

Review 2 recommended this manuscript to be published as is and had no further corrections.
