Received and published: 19 September 2012

The authors could not be aware of this paper reporting evidence of fission products from the Fukushima accident in the San Francisco Bay Area. I would recommend to include it in the introduction.

Norman EB, Angell CT, Chodash PA (2011) Observations of Fallout from the Fukushima Reactor Accident in San Francisco Bay Area Rainwater. PLoS ONE 6(9): e24330. doi:10.1371/journal.pone.0024330
