Received and published: 30 November 2012

Dear Doctor Pöschl,

We have attached an electronic copy of manuscript file (response letter is included in the file) ready to go to press entitled “Atmospheric inorganic nitrogen input via dry, wet, and sea fog deposition to the subarctic Western North Pacific Ocean” by J. Jung, H. Furutani, M. Uematsu, S. Kim, and S. Yoon for publication in Atmospheric Chemistry and Physics (acp-2012-507). We have modified our text based on the reviewers’ comments. We appreciated that the comments from both reviewers improved our manuscript a lot. We believe that the comments from both reviewers were clearly responded in our mod-

C9980

ified manuscript. We are looking forward to hearing your decision. Thank you for your consideration.

Sincerely yours,

Jinyoung Jung
