

## ***Interactive comment on “On the presence of equatorial waves in the lower stratosphere of a general circulation model” by P. Maury and F. Lott***

**P. Maury and F. Lott**

pmaury@lmd.ens.fr

Received and published: 23 December 2013

The authors would like to thank the anonymous Referee 1 for her/his careful reading, and for finding it interesting and adapted to ACP. Her/His comments clearly helped to improve our manuscript. We have considered most of the changes suggested, and all the scientific remarks have been taken into account.

The details of our response together with the corrected manuscript are in the attached file.

Pauline Maury On behalf of my coauthor.

C10365
