Received and published: 26 February 2013

The paper seems to lack citations of earlier work on aerosol measurements performed at Belsk and Minsk regarding seasonal transport of aerosols (DOI: 10.2478/s11600-012-0017-9) and regarding origin of aerosols at Belsk (DOI: 10.2478/s11600-010-0019-4)
