

Interactive comment on “Influence of surface morphology on the immersion mode ice nucleation efficiency of hematite articles” by N. Hiranuma et al.

C. Publications

publications@copernicus.org

Received and published: 11 September 2013

During the typesetting an error occurred in the title. The word "particle" was changed to "article" by mistake. The correct title is: "Influence of surface morphology on the immersion mode ice nucleation efficiency of hematite particles".

Interactive comment on Atmos. Chem. Phys. Discuss., 13, 23757, 2013.
