Received and published: 13 September 2013

We are really very sorry about the improper use of data due to my carelessness. And we sincerely apologize to Prof. Gian Paolo Gobbi for our serious mistakes, and appeal for his forgiveness. We thank Prof. Gian Paolo Gobbi very much to point out our serious mistakes. If he would like to propose his valuable suggestions, it would be an honor for us to revise the paper and improve the quality according to the suggestions from Prof. Gian Paolo Gobbi.

Prof. Gian Paolo Gobbi has made great efforts in establishing and maintaining the
