Dear Russel Schnell!

We want to thank you for taking the time to review our manuscript on “Intercomparing different devices for the investigation of ice nucleating particles using Snomax[®] as test substance” by H. Wex and co-authors.

We appreciate your very positive impression of our work.

As this was a collective effort of me as the lead author AND the co-authors, I also want

to take the opportunity and thank all of the co-authors for their contributions.

Regards from

Heike Wex
