> Interactive Comment

Interactive comment on "Single-particle characterization of ice-nucleating particles and ice particle residuals sampled by three different techniques" by A. Worringen et al.

A. Worringen et al.

worr@geo.tu-darmstadt.de

Received and published: 29 January 2015

Dear anonymous referees,

we would like to thank you for the extensive and detailed reviews of our publication and the effort you put into that. We have modified our manuscript substantially before resubmission.

Konrad Kandler & Stephan Weinbruch, on behalf of the co-authors.
