

Interactive comment on “Contribution of airborne dust particles to HONO sources” by N. A. Saliba et al.

N. A. Saliba et al.

ns30@aub.edu.lb

Received and published: 30 May 2014

Attached please find the answers to Referee 1 and 2 along with the revised manuscript.

I would like to thank the editor and the referees for taking the time to read the manuscript and comment on it. All comments raised by the referees were answered with high seriousness.

I welcome any suggestion put forth by the scientific community.

Sincerely, Najat A. Saliba
