Atmospheric Chemistry and Physics Discussions

Interactive comment on "Observation of a tidal effect on the Polar Jet Stream" *by* C. H. Best and R. Madrigali

F. Pettini

fabrizio.pettini@alice.it

Received and published: 18 January 2016

Dear MR. MATHIAS PALM I sent an EMAIL on 1/16/2016 at 16:07 in response to your email of 12/1/2016 at 09:52 "Mathias Palm <mathias@iup.physik.uni-bremen.de> ". I also sent a second email to the same address on 17/01/2016 18:38 following the comments of Mr. J.Drake C11631. My limited knowledge of English has definitely caused misunderstandings and for that I apologize. I am the author of the comments that are mentioned and I can guarantee that there are no direct relations with the authors of the paper. For this reason, given the doubts that were born, so as not to cause damage to the authors of the paper I get out of this discussion forum. Reiterating to be the sole author of the comments Kind regards Fabrizio Pettini
