

## ***Interactive comment on “Highly resolved observations of trace gases in the lowermost stratosphere and upper troposphere from the Spurt project: an overview” by A. Engel et al.***

### **Anonymous Referee #1**

Received and published: 26 July 2005

There is a typographical error in my first referee's comment: at {5087, 3} the word 'irreversible' should be replaced by 'reversible'
