Interactive Comment

## Interactive comment on "Conceptual study on nucleation burst evolution in the convective boundary layer – Part IV: Comparison with previous observations" by O. Hellmuth

## O. Hellmuth

Received and published: 11 January 2006

## **Response to referee 3**

I thank the referee 3 very much for his comments and the time he took to scrutinise the manuscript. He is kindly referred to my response to referee 1, where all referee comments have been explicitly answered step by step.
