

## ***Interactive comment on* “Elimination of hidden a priori information from remotely sensed profile data” by T. von Clarmann and U. Grabowski**

**T. von Clarmann and U. Grabowski**

Received and published: 12 October 2006

report **Final response to Reviewer #2:**

An example of the triangular representation will be shown, and the typos will be corrected. The authors greatly appreciate the reviewer’s careful reading of the manuscript.
