

## ***Interactive comment on “First Odin sub-mm retrievals in the tropical upper troposphere: ice cloud properties” by P. Eriksson et al.***

**P. Eriksson et al.**

Received and published: 27 October 2006

The second sentence in third paragraph on page S4102 includes an error. The last word shall not be "emission", it shall be "scattering". The correct version is:

However, the impact of a given extinction, on observed brightness temperature, is different between absorption and scattering.
