

## ***Interactive comment on “Technical Note: The air quality modeling system Polyphemus” by V. Mallet et al.***

**V. Mallet et al.**

Received and published: 3 August 2007

We thank the reviewer for his help.

p. 6466, l. 13: We added a reference (the Climate Data Analysis Tools – <http://www-pcmdi.llnl.gov/software-portal/cdat/>).

p. 6467, l. 1–2: Polyphemus Gaussian models have currently no name. They have no published reference yet. The main reference is [Korsakissok, 2007] which is a technical report mentioned with the performance illustration of the models.

p. 6468: We added URLs for USGS and GLCF.

p. 6467: We removed several occurrences of the three dots.

Discussion Paper

The technical report Mallet et al. (2005b) has been added on Polyphemus website.

We proofread the paper and corrected a few misspelling.
