

## ***Interactive comment on “An Asian emission inventory of anthropogenic emission sources for the period 1980–2020” by T. Ohara et al.***

T. Ohara et al.

Received and published: 11 August 2007

Thank you very much for your encouraging comment. We were happy to hear that our paper would be acceptable. We wish to make some minor corrections and then submit a revised manuscript for final publication in ACP. We hope that the paper will go directly to press.
