

## ***Interactive comment on “Ambient aerosol concentrations of sugars and sugar-alcohols at four different sites in Norway” by K. E. Yttri et al.***

**K. E. Yttri et al.**

Received and published: 16 August 2007

Response to short comment made by Ulrich Pöschl:

The authors fully agree with the statement made by Ulrich Pöschl. The sentence he refers to is a leftover from a previous version of the manuscript and has been removed in the revised version. Thank you very much for your effort to clarify the content of the manuscript.
