

Interactive comment on “A new formulation of equivalent effective stratospheric chlorine (EESC)” by P. A. Newman et al.

P. A. Newman et al.

Received and published: 17 August 2007

The lifetimes discussion has been deleted from the revised manuscript. It was somewhat confusing and detracted from the main messages of the paper.

Interactive comment on Atmos. Chem. Phys. Discuss., 7, 3963, 2007.
