

Interactive comment on “Oceanic phytoplankton, atmospheric aerosol and Raman scattering impacts on space-based ultraviolet radiance measurements” by R.-M. Hu and R. S. Sokhi

A. Vassilkov

alexander_vassilkov@ssaihq.com

Received and published: 5 November 2007

The paper "Ocean Raman scattering in satellite backscatter UV measurements" by A. Vasilkov et al. (2002) is referenced twice (p. 14355 & 13356) but the paper is not in the list of references.
