## ***Interactive comment on “Laboratory measurements of the optical properties of sea salt aerosol” by R. Irshad et al.***

**R. Irshad et al.**

Received and published: 4 May 2008

In addition to the previous response, it should be noted that the editor's request for improvement and extension of the abstract has been accepted; the revised paper contains an extended abstract providing the reader with more information about the results given in the paper.
