

## ***Interactive comment on “Factors controlling contrail cirrus optical depth” by B. Kärcher et al.***

**B. Kärcher**

bernd.kaercher@dlr.de

Received and published: 27 July 2009

1) Data reference

We replace “Southern England” by “the UK”.

2) Low bias statement

Thanks for spotting this; high bias would be correct. We skip “This suggests a low bias.” entirely because the preceding sentence already delivers that message.
