

***Interactive comment on “Four years (2011–2015) of Total Gaseous Mercury measurements from the Cape Verde Atmospheric Observatory” by Katie A. Read et al.***

**Anonymous Referee #1**

Received and published: 19 December 2016

This paper is very well written, the information is presented in a clear and precise manner and the authors present and back up their arguments in an exhaustive manner.

I recommend this paper for publication as is.
