

Interactive comment on “Efficient bulk mass accommodation of N₂O₅ into neutral aqueous aerosol” by Goran Gržinić et al.

Goran Gržinić et al.

markus.ammann@psi.ch

Received and published: 16 March 2017

The authors would like to express their appreciation for the interest, lively discussion and constructive comments of our manuscript. This has led to some detailed analysis by box model calculations that will be included in the revised version. A detailed response to all reviewer comments is given in response to each individual review.

Interactive comment on Atmos. Chem. Phys. Discuss., doi:10.5194/acp-2016-1118, 2016.
