

Title: Aerosol meteorology of the Maritime Continent for the 2012 7SEAS southwest monsoon intensive study: Part I regional scale phenomena | Aerosol meteorology of Maritime Continent for the 2012 7SEAS southwest monsoon intensive study: Part II
Philippine receptor observations of fine scale aerosol behavior

Author(s): Jeffrey S. Reid et al.

MS No.: acp-2016-21

I think we are all square. Just a minor correction to add two citations plus as requested we did some other typo corrections. Please note, our paper figures are quite large. There are in a tar file on the website. Or if this does not work out, can you please direct me to the ftp site so I can upload the eps files?

Thanks!

Jeff
