

Interactive comment on “Connecting smoke plumes to sources using Hazard Mapping System (HMS) smoke and fire location data over North America” by Steven J. Brey et al.

Steven J. Brey et al.

sjbrey@rams.colostate.edu

Received and published: 20 October 2017

Thanks to the two reviewers for their thoughtful comments on the manuscript. We were able to address all the comments. Please see the attached PDF that contains: 1) Reviewer comments and our responses. 2) The manuscript with track changes indicating changes that were made during the review process (starts on page 16). 3) The updated supplemental information containing new figures and analysis regarding land cover (starts on page 50).

Thanks!
