## *Interactive comment on* "The Interactions Between Precipitation, Vegetation and Dust Emission Over Semi-Arid Mongolia" *by* Yuki Sofue et al.

## Yuki Sofue et al.

aosier@rakuno.ac.jp

Received and published: 19 July 2017

Desertification is a kind of environment regime shift. However, the environment regime shifting was not found in this Mongolian sits (such as our study area) and it found in this Chinese sits (Sofue et al, 2017, Fig.1).
