Letter to Editor,

Prof. Martin Heimann

Dear Prof Martin Heimann,   1 October 2018

Thank you for the email of 26 September from Natasha Töpfer informing us that you have accepted our manuscript

Unprecedented strength of Hadley circulation in 2015-2016 impacts on CO$_2$ interhemispheric difference, by J. S. Frederiksen and R. J. Francey

for final publication in Atmospheric Chemistry and Physics.

We are uploading the files for production together with this letter.

Yours sincerely,

Jorgen Frederiksen and Roger Francey
