

=====
Technical comments on Metzger et al., "Aerosol water parametrization:..."
=====

title: say "Importance" for what: perhaps "... importance for climate evaluation"

abstract: you should avoid references in the abstract (it may be used and published independently of the paper)

references: journal titles should be abbreviated

p1., l.9: at --> on

p1, l 15: Altogether --> Overall

p1, l. reveals --> shows/demonstrates

p2, l. 2: exists --> exist

p.2., l.9: commonly --> common (or "ubiquitous")

p.2 l 28: computationally --> computational

p 3, l 15: say "potentially can significantly speed-up.."

p.3. l 22: "for this purpose we..."

p.3, l. 29: ... regional amplification by the aerosol water uptake, it is ...

p 20., l.15: you have two "https" here?

p 20., l26: double comma
