

# ***Interactive comment on “Tracer study to estimate the transport of cruise altitude aviation emissions in Northern Hemisphere” by Lakshmi Pradeepa Vennam et al.***

**A. Stohl**

ast@nilu.no

Received and published: 10 September 2018

The authors may be interested in an earlier tracer study of aircraft emissions that seems relevant for the current study:

Forster, C., A. Stohl, P. James, and V. Thouret (2003): The residence times of aircraft emissions in the stratosphere using a mean emissions inventory and emissions along actual flight tracks. STACCATO special section of J. Geophys. Res. 108, 8524, doi:10.1029/2002JD002515.
