

Dear Pr. Van den Heever,

We corrected the last sentence as suggested...and the full paragraph is actually more logical like that. The sentence is now :

"Aircraft measurements of aerosols and clouds over southern West Africa during the 2016 summer monsoon show pollution and polluted clouds across the whole region (Taylor et al., (2019), Haslett et al. (2019)). However, the aerosol effect on LLSC diurnal cycle could not be investigated with ground-based measurements performed during DACCWA campaign."

We really appreciated the time you spent on this review.

Best regards, Fabienne Lohou
