Comments to the Author:

Dear Paquita

thank you very much for the careful revision of the manuscript.
It is my pleasure to accept the manuscript for publication in ACP.

The only technical correction which needs to be fixed, concerns the font size of the x-axis labels in Figure 2, please check.

Best wishes

Andreas

Response:

Thank you for the final feedback and acceptance of the manuscript. I have corrected the font size in Figure 2. In addition my co-authors Anne Barkley and Cassandra Gaston made some finalizing edits to Table 2 and Section 2.2 describing the electron microscopy. These are minor but increase the precision of the language.

Regards, Paquita Zuidema
