

Interactive comment on “Resonance-Enhanced Detection of Metals in Aerosols using Single Particle Mass Spectrometry” by Johannes Passig et al.

Johannes Passig et al.

johannes.passig@uni-rostock.de

Received and published: 17 March 2020

We thank the referee for the report and the valuable comments.

With the Covid-19 outbreak in Europe, our labs were closed and currently we cannot conduct any experiments and also cannot access our experimental data. We apologize for the delay and will continue to work on the revised manuscript as soon as possible.

Thank you for your patience!
