Received and published: 15 July 2020

The publication by Janardanan et al., (2020) was referred to as a regional inversion by the authors in the 'Introduction' and 'Discussion' sections. Janardanan et al., (2020) presented a global inversion system with discussion on regional/country scale. Also, the paper was published in 2020, not 2019. I would like to bring these to the kind attention of the authors.

Thank you very much. Rajesh janardanan
