Interactive comment on "Lignin's ability to nucleate ice via immersion freezing and its stability towards physicochemical treatments and atmospheric processing" by Sophie Bogler and Nadine Borduas-Dedekind

Sophie Bogler and Nadine Borduas-Dedekind

nadine.borduas@usys.ethz.ch

Received and published: 6 October 2020

We'd like to point the reviewers as well as the editor to our pre-print manuscript in ATMD describing in detail our droplet freezing technique, FINC. https://amt.copernicus.org/preprints/amt-2020-361/
