

Interactive comment on “Aerosol dynamics and dispersion of radioactive particles” by Pontus von Schoenberg et al.

Pontus von Schoenberg et al.

pontus.von.schoenberg@foi.se

Received and published: 1 February 2021

Dear editor and reviewers.

We greatly appreciate the constructive and valuable input we have received from the two reviewers. Implementing the changes to accommodate your remarks has substantially improved the article. Especially it has made it more focused, the method of the study is clearer which in turn made the conclusions more precise.

We address all comments in the attached pdf-document and describe the changes that have been made to the article.

Please also note the supplement to this comment:
