Comments to the author:
Dear Olga and Nikolaos,

it is my pleasure to accept your manuscript for publication in ACP.

Please proceed with the preparation of the production files.
The only technical correction I suggest concerns the Figures with panel numbers (a), (b), (c), etc.
Please re-visit the figures and check the labeling, particularly for Fig. 2.

Best wishes

Andreas

Response:

Dear Editor,
Thank you very much for accepting our manuscript.
We have checked the figures with panel letters both in the manuscript and legends.
If it is something else that you mean, we can of course do that in prof-reading step.
Thanks again and best regards.
