

All changes requested by the editor have been made.

In addition, we add some notes:

Lines 29 and 285: Replace "anthropic" by "anthropogenic".

"anthropic" was found only on line 29.

Lines 270 and 321, on one hand, and 574, on the other hand: The years are inconsistent.

Lines 343 and 459: The years are inconsistent.

In these two cases, the date in the reference was only that of the last access. Since the data contained in the web pages referred to different years, the correct year was added at the end of the reference.
